Time and Money

A few practical suggestions to the young man and young woman who is anxious to start right.

- Two factors are involved in the preparation for any career in life—TIME and MONEY. Can you think of anything which offers greater returns for the time and money invested than BUSINESS?
- Every type of young man or woman is in demand in the BUSINESS WORLD. Salaries, good at the start, increase with each promotion.
- UNLIMITED SUCCESS awaits every young person who goes after it. The stenographer or bookkeeper of today may be the prosperous business man or woman of tomorrow. Genius is not necessary—nor special talent. Two things only are indispensable—the DETERMINATION TO SUCCEED and a THOROUGH BUSINESS TRAINING.
- DRAUGHON'S of Tulsa can TRAIN you. DRAUGHON'S of Tulsa can send you out to SUCCESS. Your part is but to select your course, enroll at your earliest convenience, and follow our instructions. Do not put this important matter off any longer. Making the start is "half the battle."

We are anxious to know what your plans are; possibly we can be of some special service to you. Write to us, come up and see us, or call Osage 3981 for any further information. To do so will not obligate you in any way.
